# Using Guardian's Ultra Sync App

1. Start by downloading the UltraSync + Smart Home app from the Apple or Google Play store, or from the Guardian Alarm website:
http://simplyguardian.com/customercare

2. Open the App and press (Add +) in the top right corner.

3. Fill in this required information:

    a. Site Name (Any name for your property.): _____

    b. Description (A description for your property.): _____

    c. Serial # (Provided by Guardian): _____

    d. Passcode (Provided by Guardian): _____

    e. User Name (Provided by Guardian): _____

    f. Pin (Your code used to arm\disarm at the keypad): _____

    g. The remaining settings are set at your preference.

4. Press "Done" in the top left corner.

5. Now when you select your system you will see a screen listing all partitions you have authority to arm and disarm.
